Perennial Landscape Corporation has always wanted to show their appreciation to their loyal customers any time they gave out Perennial's name when a friend, family member, neighbor, or coworker was looking for excellent landscaping services.

But for a while, Perennial could not find a way to show that appreciation that would provide value in a way that resonated with their customers. Perennial tried the traditional discounts, but found their customers responded most positively when Perennial paid it forward and passed on the benefits to the greater community.

So, in 2018, Perennial started a referral program that would help to benefit our community. Perennial decided that for every referral they received, they would donate $25 to The Greater Boston Food Bank.

And a few years ago, the donation amount was increased to $40 to keep its buying power current. This year, Perennial expanded this program to include donations for every Google review they received as well.

Perennial Landscape Corporation is thrilled to announce that this year they will be donating $2,240 to the Greater Boston Food Bank. These donations will provide over 1,400 nutritious meals to those in need.

Perennial is also ecstatic to note that this is their largest donation to date. Since the program's inception, Perennial has raised over $12,430 for The Greater Boston Food Bank, providing over 8,000 meals to those in our community.

Perennial Landscape Corporation cares deeply about the communities they serve and is extremely appreciative of all our customers who allow us to give back in this way. Perennial is excited to continue this program and hopes to give an even larger donation next year!
